# Spirits Are High for Homecoming

Many new activities were added to the homecoming celebration this year. Classes competed in a tug-of-war, bug race, and leap frog, besides the traditional pep session and bon fire at Stauffer Park. The night of the big game began with a parade of floats, and ended with a dance. Despite the loss to Rochester, 13-17, spirits remained undaunted as Queen Cindy Adams reignited festivities.

## *Jazz Band Plays the Brass at Concert and Queen Festivities*

NorthWood's Band worked very hard to promote the Maynard Ferguson concert and jazz clinic held here at NorthWood. Three high school jazz bands (including NorthWood's) per-

formed for the clinic. Members of Maynard's band then showed better techniques for playing.

The evening concert found the entire auditorium filled. Twenty schools

and colleges were represented. There were also many adult jazz fans in attendance.

Young and old alike enjoyed the talents of Maynard and his "Screamin' Demons."

## *Productions and Special Projects Take Much Planning*

Putting on a play is a major undertaking for anyone, even Miss Hoover and her capable crew. Beginning with casting and ending up with a polished production is no easy job. The fall play, "The Crucible," was especially difficult to produce, since the mood of the entire play was serious. The play was divided into two acts, and the twenty-one member cast handled

it very well. Although the cast was small, there were many people working hard offstage.

Switch with a parent was the idea of SWAP day. Each student found an adult, preferably a parent or relative, to come to school and participate in his place in each class. It wasn't a typical day at NorthWood. For one thing, adults found coffee and cookies

setting out for them in Room 501.

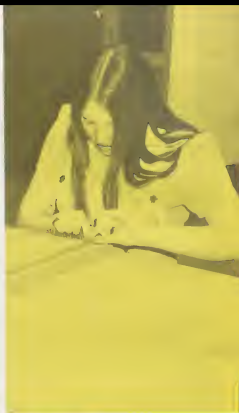

No students are supposed to take food beyond the south surge except at lunch, and smoking in the boiler room is never allowed students. Despite the slightly rearranged school policies, most persons felt that SWAP day was a success, though, because parents got a general idea of what their children do during the school day.

# Choir Department and Drama Club Present Variety Show

Music is the universal language of mankind. It is a way of showing self-expression and creativity. North-Wood's choral department involved itself this year and put on several successful programs.

The Christmas concert was filled with the spirit of the season, as well as snow, singing, laughter, and fun. The variety show, "Panthers on Parade," brought new talent to light, including a singing group called "Mudd." Their musical instruments were as varied as an old wooden wash board, a fiddle, Jew's harp, shower hose, plunger, wood blocks, and a kazoo.

## *English—Key That Opens the Door to Communication*

In an effort to expand and enrich the English offerings, the English department went to a phase-elective program this year. Under the new program, students in the upper three grades selected the courses which appealed most to them. The course offerings included speech, creative writing, satire, mythology, the Bible as literature, and drama classes, to mention just a few. The fundamentals of grammar were emphasized in many classes, as students explored new avenues in literature and communications.

Spanish and German classes introduce the student to a new language, as well as a way of life. Fundamentals of the language are stressed in the first and second year classes. Customs and culture are studied in third and fourth year classes. Field trips for both the German and Spanish classes broaden the understanding of students and stimulate learning.

## Career Center Students Involved in Their Future

Thirty-five NorthWood students attended the Elkhart Area Career Center. These students attended classes in Elkhart in the morning and came to NorthWood in the afternoon. The purpose of the Career Center is to teach students a skill while still in high school, getting them on their way before graduating. Students attending the Career Center take one specific class. Students from NorthWood are enrolled in courses ranging from hair-styling to horticulture.

## Math Classes Require Concentration

Math is fundamental to getting along in today's world. Many students found math classes to be a challenge as equations, formulas, laws, and mechanics combined to solve problems. Freshmen, required to take math, struggled

to get assignments done, while geometry, algebra II, and advanced math classes went on new adventures with parabolas, theorems, and irrational numbers.

TOP LEFT: Toyz-Anne imparts her wisdom to Carl. TOP RIGHT: X-rated class? LEFT: Algebra is such an interesting subject. ABOVE: Precision is important to Dave as he masters an assignment.

# Gateway to World of Business Through Business Education

Classes in business education introduced students to the world of business. The familiar sounds of students pecking away on their typewriters touched on the importance of only one facet of business. In today's world, every aspect of business training is in demand, and the business department at NorthWood prepared students for employment, and provided practical experience as well.

TOP LEFT: Arleen and Rhonda type with the aid of modern machines. CENTER LEFT: General Business class learns the basics. ABOVE: Deb makes a classic example of the efficient secretary. LEFT: Gloria masters the directions before taking off.

## Science Classes Open Door to Life's Mysteries

Exploration of the unknown and experimentation of the known keep science students' minds active and learning. Lectures and discussions provide the student with knowledge. Lab experiments help the student to discover for himself the great mysteries of the universe. While sophomores work on bug, leaf, and flower collections, advanced science classes study hard to learn formulas, facts, and terms.

TOP: Greg concentrates for precision.  
ABOVE LEFT: M. Moyer ponders over a Biology assignment. ABOVE: The idea is to act like you know what's happening, right girls? LEFT: Seniors always have such neat ways of doing labs.

## Careers in Agriculture Promoted by Ag Classes

America's future farmers are getting a good education in NorthWood's agriculture classes. The guys enrolled in this course learn about the problems and procedures of managing a farm, raising livestock, and planting crops. Practical application of the knowledge in their books is gained by actually raising crops, participating in dairy judging contests, and selling garden seeds.

## *Industrial Arts—Acquiring a Skill*

The Industrial Arts department at NorthWood is a large and expanding one. Young men learn a practical and useful trade while still in high school. The students become acquainted with industry by operating machinery, learning basic safety procedures and developing work skills necessary for success within the industrial world. Courses offered to Industrial Arts students include power machines, graphic arts, electronics, mechanical drawing, woodwork, basic metals, architectural drawing and building trades.

## *Physical Education Aids Physical Fitness*

Training our bodies, as well as our minds, is an important part of education. Physical education classes help to meet the student's physical need for exercise. P.E. classes meet every other day for freshmen and sophomores. Advanced P.E. classes are held daily. Activities include such sports as basketball, softball, volleyball, gymnastics, and tennis, along with regular exercise routines.

# Home Ec Prepares Students for Adult Responsibilities

Sugar 'n spice and everything nice—Home Economics classes molded to-day's students into tomorrow's homemakers. While strange and enticing aromas drifted down the hall from the kitchen, the buzz of sewing machines could be heard as future seamstresses created fashion news. Courses in foods and clothing were offered, as well as courses in housing, family living, and bachelor econ.

TOP: Housing class draws future floor plans. MIDDLE LEFT: Bachelors of the Year? MIDDLE RIGHT: Reg adds a sprinkle of "TLC" to her cookies. RIGHT: Shar politely refuses the extra calories.

## *Students Reflect Ideas and Impressions Through Art*

Creativity was emphasized in North-Wood art classes. Students learned about proportion, color combinations, different effects of light, and much more. All the different forms of art were explored, giving students who were senior art students, a well-balanced training in the field of art.

TOP LEFT: Roy enjoys his project. TOP RIGHT: Gail watches as Hal works intently. ABOVE: Scissors will always be a part of art class. RIGHT: Working with leather is a lot of fun.

## Panthers Lose Close Games: Post 5-5 Record

Although a 5-5 record is not the greatest in the world, of the five which the team lost, the greatest margin of defeat was 12 points by Wawasee.

Sam Ehret quarterbacked the club and won the M.V.P. at the end of the year. Robin Roose was the fullback of the wishbone offense, led the team in rushing and was voted honorary captain at the close of the season.

John Guttman was named outstanding defensive player and Kevin Bont-rager won the Mental Attitude Award. Guttman and Stan Lechlitner were named to the All-N.L.C. defensive squad, and Roose, Ehret, and Roger Mikel to the All-N.L.C. second team offense. John Gross made the second team defensive squad.

## Racketmen Post Best Season Ever

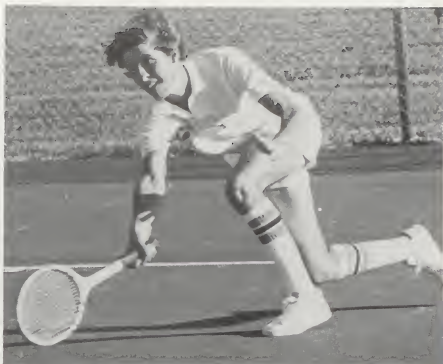

With only two seniors on the tennis team, it got its third straight winning season. The seniors, Steve Beehler and Leonard Carter, played number one and two positions during the season. The number three, four, five, and six positions were played by underclassmen Mark Metzler, Dave Johnson, Todd Clem, and Terry Keuzeruk. The team posted one of the best tennis records ever at Northwood, with twelve wins and only three losses. Mark Metzler came up with the most wins during the season (10), while Steve Beehler was the Most Valuable Player. The team's conference play during the season was good, but the conference tournament hurt the Panthers even though it was played on their courts. In sectional play they placed 7th with eleven points, tying with Goshen.

# Grapplers Have First State Competitor in Panther History

This year's wrestling team had 13 returning lettermen and lived up to the predicted expectations of their coach in competition. They had a duel meet record of 9-1. They won two tournaments (NorthWood and Goshen), were second in conference and sectional, and fourth in the regional. Randy Bricker became the first NorthWood athlete ever to participate in the state finals. He won his chance by winning at sectional and regional. He also took first in conference and the two tournaments. Seven other Panthers went to regional. They were Mike Newcomer, Scott Strang, Ron Golden, Gary Culp, Denny Mishler, and Jerry Bigler. The 1973-74 season was the best ever experienced by the grapplers.

## Cagers Look to Future

Coach Rick Bowen's Panthers got a slow start in the 1973-74 basketball season, but played courageously through the tough second half of the schedule. They lost in overtime to twelfth ranked Rochester and rallied to win their last five games. Conference honors, which are usually few, found the team tied for third among some of the toughest teams in the area. Panther hustler Steve Stickel made the first team All Conference, a first at NW in basketball.

## "Variety" Is the Word for G.A.A.

NorthWood's GAA had a good year for activities during the 1973-74 season, competing in various sports during the year both intramurally and with other schools. One outstanding achievement that should be noted

about the year is the fact that for the first time in NW history, the girls' track team sent a runner to the state girls' track meet. Janet Guckenberger represented NW at this meet, running the 880 yard dash.

## Track Team Enjoys Successful Season

The 1974 NorthWood track team had a very successful year, and have a very bright outlook for several years. Many of this year's team members are underclassmen and some will have three more years on the team. One outstanding underclassman is junior Keith Shank. Keith went to the state track meet and placed sixth in the mile run to be the first trackman in NW history to place in this meet. Team accomplishments for the year were victories in the Concord and Triton relays. The team also placed second in the conference.

## Panther Diamondmen Have Strong Hopes

Coach Bob Riley's baseball team composed a season record of 21-14. The young and spirited ball club gained skill and confidence in their spring season and were in good form as they played twelve innings in the sectional only to lose one-to-nothing in the opener of the sectional against Jim-

town. The Panthers posted an 8-6 conference record, but finished their season off with a sweep of the Concord tourney. They look forward to putting up stiff competition against opposing teams next year as only three of their players are in this year's graduating class.

# Cross Country Does Well; Has Promising Future

The X-Country team had an excellent year, compiling a 14-3 record in dual meets, placing 3rd in the sectional and going to the regional. The team's future also looks bright, as many of the top runners were underclassmen. At the Sports Banquet, awards presented were: Captain, Wayne Rummel; Most Valuable Runner, Keith Shank; Most Improved Runner, Marty Moyer. The team is coached by Dennis Myers.

## Logue Staff Strives for Perfection

Copy . . . Cuts . . . Layouts . . . DEAD-  
LINES . . . Perfection is not easy to  
come by. Many long hours of work  
went into this book. Few people can  
realize all the little things which had  
to be done. Tina worked hard to co-  
ordinate all the activities and make

our deadlines. It wasn't an easy job to  
be editor.

Mr. Troyer did a fantastic job. With-  
out his enthusiasm we would have quit  
for sure. The editor and staff appreciat-  
ed the cooperation of everyone this  
year.

## Travel Club Hits New York and Florida

Travel Club is a replacement for the former senior trip. This year the club went to New York City in the fall, and Florida in the spring. They visited such attractions as Disney World, Radio City, and the Statue of Liberty. The sponsors, Mr. Troyer and Mr. Weaver, became well-known by all members of the group.

CLOCKWISE: Shar, Susie, and Tina, the fairly nice trio! That week in Florida was really rough. Right, Troyers? Mr. America and his first runner-up relaxing after swimming suit competition. Hey girls, are you getting a tan or trying to show off your bobs? The sign of the "big city." New York, here we come! James Carl Miller III getting his daily exercise. Now explain to me again why you need to look farther for a muscle man.

Yes, each practice is a performance, and yet each performance is more than a practice. Majorettes led and directed the marching band. Pom Pom girls and twirlers were featured to add color to half-time of the football games. Pom Pom girls are now in their second year at NorthWood, and Chris Bontrager is in her fourth year as featured twirler. Besides twirling one, two, and three batons, Chris twirls fire and knives. Everyone is going to miss Chris, but Cherri promises to fit well into her sister's place as featured twirler.

## *Student Council and Campus Life Plan Entertainment for All*

Student Council undertook many traditional tasks, besides introducing some new ideas. The snowball, a winter semi-formal dance, was held for the first time. Other firsts included Fun Fair which took the place of Mini-courses. Each club was asked to have a booth, and all proceeds went to the

Cancer Fund. The free expression board gave students a chance to express opinions on many things. The south lawn sported a marble picnic table for kids to use during lunch or honor study hall. Pillow fights . . . week in Florida . . . Insight . . . problems . . . answers from the Bible . . .

this was Campus Life. Insight meetings, held every two weeks, were kids bringing problems and questions, and looking together for answers. Campus Life helped you get closer to friends and to God.

hard to promote spirit. Cheering and decorating the school are only two of the cheerleaders' responsibilities. The year started with a chicken barbeque to raise money for outfits. Homecoming bonfire and Spirit Week were also planned by them. Three cheers for our cheerleaders.

## Music Groups Work Hard; Reap Benefits

Dawning Generation, under the new leadership of Miss Smith, had many successful performances. It took much hard work to perfect the numbers, but it was worth it after a successful performance. Opus '75, the junior group, also had several successful experiences. Not only did they get a first at State Contest, they also had performances of their own. The Jazz Band did exceptionally well this year. After many long hours of practice they went to Elmhurst Jazz Festival, and were named Honor Band.

## Precision Is a Must for Success

Mat Mates made their first appearance at NorthWood, making the jobs of wrestlers much easier. They kept score, threw in towels when time was up, and kept cheering on the wrestlers. International Club was made up of Spanish and German students who were interested in learning about other countries. Films were shown, and the club also made tacos for Fun Fair.

Gun Club involved girls in their activities for the first time. The club met at Elkhart gun range to shoot trap and sheet, or went to a farm for target practice.

Science Club took many field trips. A canoe trip and overnight outing highlighted the year. Other trips were to Cook power plant in Bridgeman Mich., and Jasperpolasky State Park to see the last of the Sandhill cranes, and to the University of Chicago.

Art Club had speakers on photography, interior decorating, and leather handywork. The favorite event of the year was candle-making.

# Drama Club Initiates Many New Activities

Drama Club worked especially hard this year. They had the spring and fall plays, and in order to put on the spring play, they sponsored a basketball game between the faculty and

Notre Dame football team. They also had a booth at the Fun Fair. Thespians began to plan their annual summer trip to N. Y.

The costumes . . . the scenery . . . the makeup . . . the props . . . As any member of "Annie Get Your Gun" would tell you, "there's no business like show business!" "Annie Get Your Gun" is a musical comedy based on the true life story of Annie Oakley. The story surrounds Annie and her great shooting ability. The cast was made up of seventy-five members, and there were many more involved in the various crews. The thirty member chorus not only sang, they also danced. Included in the cast were Todd Herli as Frank Butler, Sandy Bollinger as Dolly, Frank's assistant. Also, Brad Hardesty as Buffalo Bill, and Fred Berger as Charlie Davenport. Suzi Johnson played the lead role of Annie.

## Administration

The administration initiated several changes this year. They placed a ten day limit on the number a student may miss per semester. A change was also made in scheduling. Students plan their own schedules to fit into a master plan. They should be better satisfied with the final result if they have a say in it. This will also cut out computer errors.

# Cooks, Custodians, and Bus Drivers Help Much

The cooks worked hard to provide good meals for students on both the a-la-carte and Type-A lines. Complaints were inevitable, though, because of the large numbers of people the cafeteria had to serve. Janitors cleaned up messes after ball games and evening performances, besides performing everyday mundane tasks necessary to keep the school in good condition. Bus drivers had to follow close schedules in order to get all the kids to school on time.

# Student Assistants Make Jobs of Staff Easier

Office assistants, library assistants, attendance assistants, all trying to make the jobs of the staff a little easier. The office assistants do anything from answering the phone to tracking a student Mr. Wesolek wishes to speak with. They attempt to answer student's questions and help businessmen locate the teacher they need to see. Taking attendance would be a much harder job without these girls. They collect absent slips and keep the record book up to date each hour. Library assistants' jobs include things like getting magazines and stamping books. These girls work hard each hour to make jobs of others easier.

## Prom Is a "Southern Dream"

Stately southern life was the setting of this year's junior-senior prom. Guests entered the transformed south surge through a flower-covered entrance arch. The dining area was approached by a wooden plank "dock" leading to a "ship's dining room." Sophomore girls in long dresses acted as servers. After the dinner, entertainment was provided by Bill Mont-

gomery and his electric guitar. The prom ended with a movie and dance with music by Vehicle. The after-prom, planned by the seniors, included a dance with music by Sage, a movie, "Bullitt" and bowling in Napanee. Many couples ended their weekend with a trip to the dunes on Sunday morning.

## Seniors—on the Home Stretch

Seniors took on increasing responsibilities as upperclassmen. They also suffered from spasmodic attacks of senioritis as graduation approached. Toward the end of the year, they began to realize that graduation meant not only the end of schoolwork, but an end to the class as a unit, as well. Everyone began to make plans for the

coming summer and fall, some planning to continue their formal education, with others deciding to enter the working class world. Most were somewhat apprehensive about the future, yet looked forward to learning new life styles and experiencing life in "the real world."

CLOCKWISE (beginning at center): S. Plake and J. Biglar—the best-dressed boys in the senior class? S. Leinbach relaxing and enjoying himself taking a biology test. Paint on the floor—what do you do? For paint removal call M. McDonald. Concentrating on the ball, L. Carter prepares for the return. S. Grosse showing off the hat and apron he made in Bachelor Econ. S. Grosse, T. Cleveland, S. Johnson, D. Forsythe, and O. Martin enjoying their last day of Econ. Losing the first game at sectional proved to be a traumatic experience for cheerleaders B. Guttman, S. Stillson, S. Gann, and K. Lawmaster, C. Eilers and B. Swigert—a last good-bye.

Yadira Blanco (I.), exchange student from Nicaragua loves bicycling and dancing. Basketball games and sewing also keep her busy. During the 1973-74 school year, she stayed with Denise Climenhaga. Adriana Campello (c.), from Brazil, also loves dancing and basketball. Brazilian parties are what she misses most in the states. During her stay here, she lived with Joyce Nafziger. Sonia Contreras (r.), from Guatemala, keeps active bicycling. She also enjoys music and basketball. Her home in the states was with Carol Hess.

## Outstanding Seniors Honored

Class Night found the seniors seated on the stage as awards were presented to outstanding seniors. Among the awards were those presented for excellent attendance records and for extra service as teachers', office, and library assistants. National Honor

Society members, honor students (those with 3.5 grade averages or better), athletes, and scholarship winners were also recognized. Student Council members were named and academic department winners were also announced.

## *The Past Cannot be Changed, but the Future Is Still in our Grasp*

The Class of '74 was the first class to spend their entire four years in the new building. Final activities to conclude this year were an all night party at the YW-YMCA in Elkhart, and a parade from Nappanee to the school. Nelson's Golden Glow served a dinner of barbecued chicken preceeding commencement practice. Mr. Carter was

pleased with the way the practice went, saying the '74 class did much better than any previous class in his eleven years as senior class sponsor. The day of Commencement dawned sunny and bright with a record crowd showing up for the combined Commencement-Baccalaureate ceremony.

## Juniors—Almost to the Finish Line

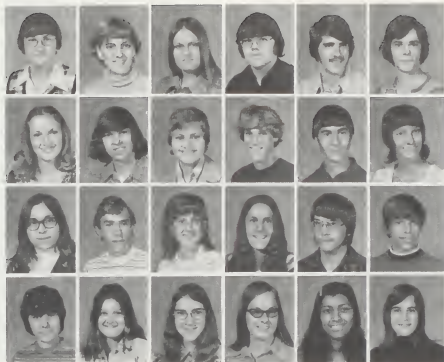

The juniors learn to know the history of the United States from a textbook, and by doing outside reading assignments. Of course, there are fun things: being asked to the prom or asking

someone (blushing), planning that last school year schedule, feeling a little older and more mature as an upper-classman, and looking forward to becoming a senior.

## Sophomores—Just Truckin' Along

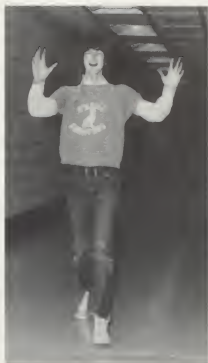

The sophomores have a year of learning about frogs and leaves, getting enrolled for the new English courses, deciding on which ring to order, having a dime lost in the apple machine, serving at the prom, and backing up gently but surely into a few cars in Driver's Education.

# Freshmen Begin High School With Great Enthusiasm

The freshman year is a year of many new acquaintances, memorizing locker combinations, studying the Constitution in Civics, learning how one's body functions in health, getting tips on tricks of the trade (or how to survive in high school), finding out rules for honor study hall, and getting one's mind in gear in Algebra.

TOP: Executive Council and class officers. Seated: B. Greber, Sec.-Treas; D. Charles, Pres; R. Myers, V. Pres. 2nd Row: K. Hand, K. Hummel, D. Scherer, S. Troyer. 3rd Row: K. Dallas, L. Shively, K. Averill, C. Zercher, B. Fuller, T. Lentz, R. Metzger. LEFT: R. Huber, D. Reinhardt, and R. Myers take a breather in the south surge. CENTER: S. Bollinger combines studying and working in the bookstore. RIGHT: R. Smeltzer runs laps in Phys. Ed. BOTTOM: A. Remer, and P. Adams help M. Lingofelter use the library facilities.

### THE HANDS OF TIME

If the hands of time were hands that I  
could hold,

I'd keep them warm and in my hands  
they'd not turn cold.

Hand in hand we'd choose the moments that  
should last;  
the lovely moments that should have no  
future and no past.

The summer from the top of a swing  
The comfort in the sound of a lullaby

The innocence of leaves in the spring.

But, most of all the moment when love first  
touched me!

All the happy days would never learn to fly,  
until the hands of time would choose to  
wave "good-bye."

The summer from the top of a swing  
The comfort in the sound of a lullaby

The innocence of leaves in the spring.

But, most of all the moment when love first  
touched me!

All the happy days would never learn to fly,  
until the hands of time would choose to  
wave "good-bye," "good-bye," "good-bye."

Alan & Marilyn Bergman

I love to write—letters, a personal diary, notes to my friends, etc., so I want to leave you with this last comment.

Countless times throughout the year I've wondered how we (the staff) were ever going to meet our various deadlines. Somehow, we finished everything, although not always according to schedule.

I often wondered if this yearbook was going to be worth all the headaches and problems that accompanied its completion. I believe now that it was worth everything. Most of you will never know all the things that could have been done better. Hopefully, you like what you see in these preceding pages.

Many thanks to all the people who helped make the '74 LOGUE. I can't possibly name you all. I had some staff members who cared as much as I did, and who gave unselfishly of their time. I want to give a special thanks to Mr. Troyer, who showed a great deal of competence during this first year as adviser.

Tina Martin  
LOGUE Editor

Tina Martin, yearbook editor, and snake,
